Josue Rodriguez
Software Engineer

Hemet, CA - (951)623-6768 - maybejosue@gmail.com
josuerodriguez.me - github.com/maybejosue - linkedin.com/in/maybejosue/

SKILLS

React - Redux - JavaScript - Python - HTML - CSS
Jest - React Testing Library - NodeJS - LESS/SASS - Express - Knex - SQL - GraphQL

PROJECTS

Community Calendar - Front-end Developer   Github
Web app designed for users to find events at a more localized neighborhood level
Tech stack: React | JavaScript | HTML | AWS | Apollo Client | Apollo Server | GraphQL | Prisma
- Delivered functioning Web and iOS products built to the stakeholders' specifications
- Implemented Google Analytics to track user flow and behavior
- Conducted productive user research with meaningful results
- Developed Front-end snapshot and unit tests
- Merged home and search page to improve overall functionality while maintaining the integrity of the app
- Collaborated on a remote team of 5 Web Developers and 3 iOS engineers to create a cohesive experience between web and mobile

Anime Archive - Front-end Developer   Github
A mobile, web-based, online database of information related to anime
Tech stack: React | JavaScript | HTML | CSS | GraphQL | Netlify
- Collaborated closely with another Web Developer to design, develop, and integrate a mobile, user-friendly interface
- Prioritized reusability and readability of components throughout application to minimize code maintenance
- Implemented custom query string building function to return query string relative to user search and filter settings
- Distributed external API data throughout react application

WORK EXPERIENCE

Project Reviewer - Lambda, Remote   Mar 2021 - Present
- Provided weekly actionable feedback and code reviews to student developers via Codegrade
- Collaborated with Lead Instructors to support the learning and professional growth of Lambda School students

Reseller - Self-employed, Remote   Jan 2016 - Dec 2020
- Operated store selling brand-name men's clothing, hard-to-find sneakers, art, and accessories
- Analyzed trends and optimized return on investment
- Managed an inventory of over 1,200 items across various third-party platforms
- Serviced customers inquiring about the availability, sizing, status of order(s), product malfunctions, and transaction issues all while maintaining an overall rating of 5 stars on each platform

EDUCATION

Full Stack Web Development & Computer Science - Lambda School, Remote   Dec 2019 - Nov 2020
- Lambda School is a 9 month accelerated program with an immersive (full-time, 40+ hours/week) hands-on curriculum with a focus on computer science, software engineering, and web development

Associate of Arts (Social and Behavioral Studies) - Moreno Valley College, Moreno Valley   Jan 2015 - June 2018
- Moreno Valley College is a community college in Moreno Valley, California. The college is part of the Riverside Community College District and the larger California Community Colleges system.
